Setting the alarms on your SHD-BT1.

There are two alarms in your SHD-BT1 Radio: you can set the alarms on different days of the week, wake on buzzer or radio. Enter the MENU by pressing and holding the "MENU/MODE" button.

Turn the "VOLUME" knob to scroll, then press the "VOLUME" knob to select: "Setting" > "Setup Alarm" > "Alarm-1"
In the alarm setting screen, turn the "VOLUME" knob to scroll through the items.

Turn the "TUNING" knob to adjust each item, day of the week is selected in RED.
Press the "VOLUME" knob to save the alarm setting.

To activate/deactivate the alarm, press and hold "AL1" or "AL2": press "AL1" or "AL2" to review the alarm settings.

Setting a preset station on your SHD-BT1.

Tune to the station that you want to set as a preset station.

Press the "MEM" button: a memory number appears on the display.

Press "PRESET+" or "PRESET-" to scroll to the memory number that you want to use as the 'Preset Station Number'.

Press the "MEM" button again to save the station to the preset station memory list.

Using Bluetooth streaming music on your SHD-BT1.

On the radio, press "MENU/MODE" to switch from Radio mode to Bluetooth mode: the radio will be in pairing mode.

On the smartphone, turn on Bluetooth to discover and connect to the device called "SHD-BT1": you can play music from your smartphone once the "SHD-BT1" device is connected to your smartphone.

Press the "PAIR" button once to PLAY/PAUSE the streaming music from your smartphone: press and hold the "PAIR" button to place the radio in pairing mode again.
